Best pop up books ever

September 14, 2014

This is the third Robert Sabuda book I have purchased for granddaughters. They are just unbelievable. The pop ups take your breath away. Every time you look at and read this book, you see something new. And the little extra pop ups on the pages just make you feel like you are reading a collector's book that should cost twice this price.

Buy the Paragon cotton candy and don't waste your time with hard candy

September 14, 2014

Buy the Paragon cotton candy and don't waste your time with hard candy. Yes it is expensive but it tastes like cotton candy should. Small learning curve to twist the candy threads onto the cones but truly it doesn't take long. I would not let kids do it because the center gets very hot.

happier with my carpets now

September 14, 2014

Decided after I had my carpets professionally shampooed a few weeks ago that I needed my own rake. I shampoo my carpets myself about every six weeks and they always seem rather flat after doing so. The difference was the rake! Now I rake the areas up where my dogs tend to sleep the most to get the hair loose before vacuuming. Then I lightly go over the carpet after I vacuum. They look so much better! Happy with this rake. It has a wood handle which feels sturdy and the rake is wide so it does a big area at once. The teeth don't snag my carpet at all. I have medium pile carpeting.

This was fairly easy to install

July 30, 2014

This was fairly easy to install. We did get a pad to put underneath. It is strong and so much easier than a ladder to get in and out of the pool. Just have to remember to use a sponge to clean underneath and directly around it because your pool vacuum will not be able to get in there and clean.

Good for a temporary cane

April 09, 2014

Bought this after I had knee replacement surgery seven weeks ago. Only have had to use it about three weeks and it is very chipped up on the handle. If it falls over, it chips. For long term use, I think you would want something with a better finish on the handle. But it is inexpensive and fun to have something with pretty flowers on it. All my granddaughters have loved it. People have commented on it and asked me where I got it. So I am happy with it for the price for the amount of time I have had to use it.

I found this to helpful for ideas and getting started

April 09, 2014

My granddaughter and I are doing our first fairy gardens this spring. This book has beautiful pictures with great ideas. I like her notion of trying to create a story with your garden, not just mini plants with some furniture thrown in. Lots of resources to obtain items even though I was amazed at how expensive the little fairies that she uses are to buy! I would have liked a little more information on how exactly to prune the plants throughout the summer to keep them blooming but in scale. I certainly think it was worth the \$9.50 cost to have this book.

Really nice looking without being "kitschy"

January 27, 2014

Had another shower curtain with santas on it for the guest bathroom. Finally decided it was time to upgrade the Christmas decorations in there to a little more grown up looking. This curtain is festive without being in your face. I found hand towels to match at Kohl's and it sure changed the look of the bathroom over the holidays. Very pleased with it.

Handy for the back yard near the pool

November 20, 2013

We bought this along with the Palm Springs outdoor toilet for our back yard after installing a pool last summer. It was so handy for the kids and adults to have a toilet in the yard and not to have to run in the house with a wet swimsuit on. It was easy to put up and easy to zip open and step into. There was enough room to put a small table next to the portable table to put toilet paper and hand sanitizer on. It also worked for those who wanted to take their wet suits off and get dressed, plenty of room to stand up inside.

I bought this set for her dolls because she is in dance and this looks similar to some of her outfits. It is darling, versatile, and comes packaged so pretty. Good deal for the money!

Hard to believe it is a heating pad because it is so soft

January 15, 2013

Replaced an old style heating pad with this one and the difference is night and day. This conforms so much easier to my back and wraps around my whole back without having to hold it there. The material is very soft and comfy. I like all the different settings. It is great that it is machine washable; however, it is not a matter of throwing it into the machine and leaving it. You can only let it agitate a couple of minutes to wash and a minute to rinse it. This is according to the directions that came with it. The pad is printed with different instructions so it is confusing as to what to do. I think when I do wash it that I will use the handwash setting on my machine and take it out to wring it myself. I want this to hold up for a while so choose to err on the conservative side.

space saver for your kitchen

September 14, 2014

I had seen the Keurig carousels and just thought they took up way too much room. We have a small Keurig and it fits perfectly on top of this drawer. The top is a black rubber and it holds the Keurig in place so it isn't slipping around. There is enough room to also store a container of loose coffee for the MY K-Cup plus an insulated mug that my husband uses every day. So organized to just slide it out and have all kinds of coffee and tea to choose from.

Can't say I am overly happy or displeased with it

April 09, 2014

I have had a Kenmore for three years and it was and still is listed as a top vacuum by Consumer Reports. But I found that it lost suction and was extremely hard to push after a few months even though it has been serviced several times. So I was looking for something better and willing to pay more. Didn't want a Dyson and I have heard about Miele brand for a long time. I was surprised at how light the whole unit actually is. I like the fact that the extension tube is metal not plastic. Although the bags are terribly expensive, they absolutely don't let any dust out and I don't have to clean the inside of the vacuum after disposing of one. The cord is the shortest of any vacuum I have ever had. I have two dogs, two cats, and grandchildren here almost every day so plenty of dust, hair, and dirt. I don't think it has a super strong suction but adequate. I have found that I need to turn the suction power down a little when I am vacuum the carpets and it does a better job. I just had knee replacement surgery and the ease of moving this vacuum around has been really nice.

I have made pasta for years, placing it on numerous cookie cooling racks around the kitchen. Finally decided to try an actual rack and oh, is it ever easier. Easy to use, high enough to sit comfortably, like the "flushing" part of it. We bought it along with a little cabana tent to use for a backyard toilet after we installed a pool last summer. I didn't want little kids running in and out of the house with wet swimsuits on. This worked really well.

Happy with this umbrella

November 20, 2013

I looked and looked everywhere trying to find the best umbrella for our expanded patio this past summer. It is hard to find well reviewed umbrellas. This one arrived quickly, was well packaged, and so easy to use. We have lots of wind around our area and I never left it sitting in the table but always pulled it up and put it under our covered patio area when not using it. We kept the box and are using it to store the umbrella for the winter. I think this was well worth it for the money.
