Reviewed Fairy Gardening: Creating Your Own Magical Miniature Garden ... by Julie Bawden-Davis

12 of 14 people found this review helpful

EXQUISITE! A MUST HAVE BOOK!

March 20, 2013

What a delight to read this beautiful book about the enchanting world of fairy gardening. The authors are definitely well versed in the art of creating magical, miniature landscapes. This book is a complete reference for the novice and pro alike. From developing your theme, to choosing your plants, containers, and accessories, all is encompassed here. I love the "mini-tips" interspersed throughout the chapters. The exquisite photos are truly inspirational. This is a must have book for every gardeners library.

Reviewed Indoor Gardening the Organic Way: How to Create a Natural and Sustaining Environment for Your Houseplants ... by Julie Bawden Davis

8 of 9 people found this review helpful

What a great book!!!

October 09, 2007

What a wonderful organic gardening book for the indoors. My houseplants are thriving, and I love it! I was amazed at how well they have responded without the use of synthetic chemical fertilizers. This book is a must for all houseplant owners. The illustrations are lovely and the content very informative. I highly recommend it for all gardeners. From choosing plants, to watering, and dealing with diseases, this book has it all.

Reviewed Houseplants and Indoor Gardening (Black & Decker Outdoor Home Series) ... by Julie B. Davis

1 of 1 people found this review helpful

What a wealth of knowledge!!!!

July 23, 2002

This is a great book! The author is apparently an extremely knowledgable indoor gardener and she shares this information in an easy to read enjoyable book. All aspects of indoor gardening are covered from decorating with plants, care and requirements, planting and placement. Included in the book is an encyclopedia of common houseplants with plant requirements and pictures to help you identify all those plants you never knew the names off! If you have houseplants this book is a MUST.
