Not adjustable enough

March 16, 2014

Unfortunately, although the straps on this shoe are adjustable, they are still too long. I have a moderately wide foot and cannot tighten them enough to hold the shoe close to the sides of my foot. On the other hand the material of which the shoes are made seems quite durable and easy to clean. I bought these shoes primarily to use for tai chi and can, in spite of their not fitting snugly, because the straps hold them on.

Wonderful resource!

July 04, 2013

Although I've been assembling fairy gardens for years, as well as conducting workshops, I found this book to contain inspiring new ideas and information. It make me want to go immediately to begin another—or two.

The birds approve

June 22, 2011

It took them about a week to settle down. They initially seemed to be afraid of the roof, but things are fine now. We've had an excellent assortment dining with us. The feeder holds about a week's worth of seeds and is very attractive in the backyard.

Worth what I paid: \$0

October 16, 2013

Flowers are ridiculously simple with very little variation among them. There are so many other sources for crocheted flowers that I'm going to remove this one from my Kindle right now.

Reviewed Springstar Glass Fruit Fly Trap ...

Attractive looking

July 12, 2013

I bought this to use in the pantry where the cat food is kept. I was concerned that the custard dish I customarily use would tip, spilling the liquid. The included packet of whatever worked well to attract fruit flies, but so does water with a teaspoon of sugar and a drop of dishwashing liquid. The packet is absolutely unnecessary. One has to be very careful not to tip the container because the liquid spills easily, and the container cannot be carried by the handle (which does not look like the one in the photo) because it comes loose.

Good for grandchildren

January 05, 2011

I ordered this because the number of grandchildren have outgrown the number of beds, and no one wants to be the only one on the floor. It was easy to set up and take down, and the mattress pad and sheets stayed in place. I would not want to sleep on it, however, because it doesn't feel anything like a "real" bed, in spite of the ability for one to adjust the amount of air it contains. The granddaughter (age 7) who chose it had no complaints--this time, at least. When the grandchildren have gone home again, the "bed" stores easily in the closet.
