**It was okay**

June 08, 2014

I was binge watching travel documentaries one evening while experiencing a terrible case of wanderlust. This episode was just okay for me. It wasn't really the type of travel show that i am normally into, and had a slightly amateur feel to it.

We use these bands as an inexpensive alternative during triage operations. Easily separated and easily marked on if need be. The numbered bands make tracking easier as well.

The Globe Riders series is generally enjoyable. I appreciate that they are trying to pack an entire journey into a short film, but I feel like we are missing a LOT of the good stuff.

**Super mount**

May 26, 2014

This mount hold my iPhone 5s with slip on rubber and hard plastic case without an problems. The arms aren't so tight that it activates the volume button on the phone with the case in place. I have never used the mount without the case so couldn't advise on that situation.

I would recommend this mount. I use the suction base in my Wrangler and look forward to purchasing a handlebar mount for my Road King.

**nice fit**

May 26, 2014

these are a nice fit. The only question I have on the honda Sabre application... The spring doesn't fit for the fold up/down. They are plenty heavy enough to flip back down if you scrape but that little bit if extra tension when you are moving your feet around would be appreciated.

**Nice ink**

June 08, 2014

I use a canon at work and a kodak at home. I was standing in the big box store with the blue sign when I realized I could probably get this ink for less online. Purchased on the spot while still in the store and had the product the next day (with free shipping) for \$9 less! I will never buy ink "at town" again.

**Great looking**

May 26, 2014

These pegs are great looking and really functional. If you are going to want to slide your boots out on the extension, plan ahead and move them out during your pre ride inspection. You can not safely "swing" them out while moving at highway speed. Closed they are like a mini floorboard on my Honda Sabre. I really enjoy these.
