Reviewed Ultimate Manilow ... by Barry Manilow

**Barry MANILOW**

May 27, 2013

Glee recently aired an episode with a Barry Manilow song, I could not get it out of my head. I used to have a few of his songs on vinyl -(yes - I am old) - unfortunately my collection of all my ALBUMS became acquired by thieves and I no longer have them. So, I wanted to have a few of his songs to sing while dancing around doing my housework. I ordered this CD and it came within a timely manner and as stated was an unopened copy. I am very happy with my purchase - and yes I dance around and sing when I listen to it.

**Wonderful Book wonderful service.**

May 27, 2013

I have been wanting to create some Fairy Gardens for my yard and home. I was not sure what exactly the process was and where to find products that I wanted to use for the items in the landscaping. This book has given me the answers I have been needing and will be embarking on creating my fairy fantasy gardens soon. Very good book for beginners to creating miniature gardens. The book was shipped in a very timely manner and I am extremely happy with the service.

May 27, 2013

This is the exact book I WAS needing. When I found it I ordered it right away. I had a wonderful experience with the purchase of this item and would definitely recommend the book and the party I purchased it from to others. This book gives you the basics to use to make some really cute home made toys and I will be getting started soon. My first project will be making two of the cute elephants from the pattern inside. If you are looking for some wonderful handmade items to make for your children, grandchildren, friends' children or to donate to a charity I definitely would recommend this book to you.

### printer cartridges

January 17, 2013

Supposed to be high yield did not seem to last very long - my printer recognized these cartridges as almost empty for each one I used. I realize this happens sometimes with refilled/remanufactured products. But, found that I could not print very many pages before the ink faded and was unusable cartridge.

### I was happy to receive the last book in the series.

May 27, 2013

Who doesn't love Stephen King? I was using the local library to fill in the gap of the series that I had not purchased myself to own. Unfortunately, they do not have Book 7 on their shelves. So, I was happy to be able to look on Amazon and find a copy,

reasonably priced and shipped very quickly.

#### Replacement charger

May 27, 2013

Well for the store that this was purchased from I can definitely say the product was a deal.. Price was exceptional and shipped quickly. My youngest son who just left for school/living outside my home took the charger we had been using between us and I was using my USB charging cord to charge my phone. I decided that I needed something that could be outside of my laptops range to charge and decided it was time to invest in another phone charger. I am very pleased with my purchase and have had no problems that could be found.

Who would have thought? I love this and put it immediately out in my front flower bed. It is currently being rained on in our wonderful Oregon rain. No problems with set up or missing pieces. I probably will buy another so he has a companion.

Reviewed Culligan FM-15RA Advanced Faucet Filter Kit ...

#### on tap water filter

May 18, 2013

I choose this rating due to the fact that this was a product easy to install and I now have tasteless, clean water to drink. I purchased Culligan brand over other brands due to the faith in the Culligan name and products. This brand has been around since my childhood - and if they had become non-reliable with their products I felt like they would not have any items on the current market to purchase. I am enjoying using this daily.

#### Help when I needed it

August 07, 2011

I bought this book to help reinforce my views and to get some moral support for a very tough decision. It is an excellent book for parents who have been hovering over their child(ren), and need to find the right frame of mind and perspective on how to best ready them for the world beyond high school.

The seller was wonderful to work with, would definitely recommend working with this seller to others. 100% satisfaction with the product and the seller.
