Always reliable

June 18, 2014

This is hard for me to find in the store anymore, so it's nice to know I can get it through Amazon. This product does an excellent job of preventing eyeshadow creasing and smudging eyeliner, even in humid temperatures.

Nice affordable stand and case

January 15, 2014

I first ordered the wrong size for my new Galaxy Note 10.1 (2014), but then ordered the smaller size and have enjoyed using it. Very convenient sitting on my lap or a table while I am getting acquainted with my new tablet! Love the hot pink color too.

A beautiful and simple-to-build Entertainment center!

January 20, 2014

I just moved into a new apartment and needed an entertainment center for my TV and Xbox and some other stuff. This was perfect for all my needs. The only reason I didn't give it 5 stars was because when I opened the box, a small chunk of a non-crucial piece had broken off during shipping. There is a little piece of wood on the bottom of the stand that blocks the center leg from view and one of the corners was broken off, however once it was setup and I sat on my couch, you can't even really see it.

I highly recommend this to anyone who needs a cheaply priced but beautiful looking piece of furniture for their living room TV

Need to fluff every so often, but it really does cradle my head and neck better than my old pillow. Also stays cool for me.

**Nice but needs to be elevated off ground - a little pricey**

October 05, 2013

Fire is viewed best if the fireplace is elevated off the ground. We had to build a 6" high layered paver pad as a base for it before we truly were happy with it. Didn't pay close attention to the dimensions, and it is actually smaller than it looks in the photo. Have purchased fireplaces in the past that were heavier than this one for less money. We, too, wish the ash tray held more. Still, we are enjoying it and it is attractive to look at. Nice streaked, bronzey-red color.
