Reviewed Exploring the World of Chemistry ...

**Wonderful and informative**

June 27, 2014

After having read this wonderful book I decided to buy everything that Mr. Tiner has written. This was entertaining informative, taught me a lot about chemistry and was expressing very clear terms.

**Somewhat inappropriate and misrepresentative**

December 06, 2013

I did enjoy this book and Book 1, but the plot is indeed unbelievable. I would like to point out that it is by an LDS author and is supposed to be influenced by some of our beliefs, but I am LDS and I didn't feel comfortable with some of the premises of the book. I especially did not like suppositions given in the book about the Holy Ghost, and I can tell you that some of the ideas are definitely NOT LDS, just the author's imagination, so please don't think that is what we believe. I don't like the author's use of a member of the Godhead being used in a fictional work--I don't think that is appropriate.

Reviewed Doug Welsh's Texas Garden Almanac (Texas A&M AgriLife Research and Extension Service Series) ... by Douglas F. Welsh

**Essential garden book**

May 10, 2013

This is one of my top five favorite gardening books. It is absolutely essential if you want to garden successfully in Texas. I am a Texas Master Gardener and a newspaper garden columnist, and I refer to this book often in my own gardening efforts. It is good for beginners as well as for experts. The chapters are organized month by month so you can start reading on the month in which you buy the book. This is the most organized book on gardening that I have ever read. No one that is serious about gardening should be without this book.

**clear concise guide**

March 19, 2013

This was a free download, but it was better than the two other books I bought that cost money. It had more information. It was given in an easy to understand, well organized fashion that really helped me learn more about this topic.

Reviewed The Eleventh Hour (Secret of the Rose #1) ... by Michael Phillips

**Wonderful beginning to this series.**

July 18, 2012

I loved this book. The author has never let me down yet. I can't wait to read all the rest of the series! Along with a great story, the author reveals great truths about the nature of God and what it means to be a true disciple of Christ in dangerous times, regardless of the cost. Great story, thought provoking and exciting, with a touch of mystery.

**Good little keyboard**

June 06, 2012

My first keyboard was defective. When I emailed them they were very nice and promptly sent me another one. They even included an envelope to send the bad one back at no cost to me. I like my new one. It works fine.

**This is a beloved and very special children's book.**

December 26, 2003

I was thrilled when I saw that this collection of Jenny Linsky stories was being published again. I delighted in reading these stories to my children when they were little. The stories are a wonderful break from the cynical world in which we live. They always teach a lesson, but in such a way that they are never preachy. The illustrations are absolutely lovely and adorable. I am saving my edition to read to my grandchildren. Then I can create a second generation of memories that include these sweet stories.

Reviewed ATC Masione(TM) Apple iPhone 4/4S Credit Card Hard Shell Case Stand with Silicone Core + Screen Protector & Stylus (Wallet case Light Blue+Beige+Orange) ...

**Cute, but too small**

December 06, 2013

This phone case is secure and looks good, but it cannot hold more than one credit card. Since you also need your driver's license along with a credit card, this renders the wallet function useless. It is just too small. The plastic screen protector doesn't stick to the phone, and it will not hold itself in the stand position; it just slips close. However, it does hold my iPhone securely. As a matter of fact, I cannot now remove my iPhone without breaking the case, so I will have to leave my phone in there until the day I tire of the case and break it to get my phone out. At least I don't have to worry about it falling out. I can use the camera just fine while it is in the case and recharge it without any problems. I have received compliments on how cute it is. Just don't expect it to really be a stand or a wallet.

**essential gardening tool**

April 18, 2013

I love this tool. I use it every time I go out to garden. I average about 10 hours a week in my home garden, so these get a real workout. They are so easy to use, sharp, and don't cause blisters on your hands like some other tools do. I don't know what I would do without them to help me in every facet of gardening.

**Best moisturizer I ever tried!**

April 14, 2012

I have very dry skin. Even when I have put on lotion just an hour ago, my skin is very dry. I have tried every lotion and moisturizer I could find, and nothing helped until I found this one. Within a few days my hands began to look better, almost as if I had gone back in time. They were younger looking and stayed moisturizer, even after washing my hands. I never want to be without this product again!!

**one of the best gardening books ever!**

February 22, 2002

This is one of my favorite gardening books. I collect gardening books and have a very extensive collection. This book should be on everyone's list. It details an ingenious method of gardening without the backbreaking work. I immediately put her practices into place and have never had to dig another bed!!! It's fabulous! No more sore backs! No more hours of toil! Just a quick method that will get you the same results in 10th of the work. If that weren't enough, it has chapters on individual plants so you get even more than you bargained for.
