Reviewed Untouchable: The Strange Life and Tragic Death of Michael Jackson ... by Randall Sullivan

**Good read**

April 03, 2013

I thought this book was really good in terms of the behind-the-scenes trial details which I found fascinating. It is sad to me that so many people have these ideas in their heads about Michael Jackson and the majority of these opinions come from the tabloid fodder that began all the rumors. It is also interesting to read about the 2 young boys that "accused" Michael of things that they then recanted yet no one seems to want to listen to that. The main thing that I came away with is that Michael's family, yes even his beloved mother, are pretty much the laziest and most disgusting family I have ever had the misfortune to read about. The mentality of them thinking he should provide for all of them (because none of them seem to really want to work and Jermaine should have realized that a condom would have kept him from owing so much in child support that he and his father then expected Michael to pay for!) is just incredible to me. I know the people that believe he was sick and a pervert will never read this book and will continue to believe all the made-up stories and all the rag trade "facts" and that's a shame. Of course some of the speculative things I took with a grain of salt but on the whole, reading about the massive amounts of money he earned, the Sony lawsuit, the creditors with the gigantic interest rates, and every single POS that got in line to sue Michael certainly gave me pause for thought. The parts about the tabloid reporters leaving the courtroom in both trials to go print what the Defendant's attorneys said and not bothering to stick around to hear the prosecution discredit those same witnesses was eye-opening and should be read by all.

Nice color, leather. The only minus would be the "frame" is a little too wide sometimes when trying to touch on screen items that are up in the corners of the screen or along the side.

**Perfect for Christmas Viewing!**

December 24, 2011

My husband and I watched this from Showtime on a whim and we loved it! We both laughed out loud at the endearing children

who are talented, cute and funny. I really liked the normalcy to the lyrics of the songs (Joseph and Mary as a boy meets girl tune and Nazareth as a wonderful city) to say nothing of the music itself. I can't wait to share this movie with my sister who loves BBC productions and my adult daughter who I know will laugh as loud as I did at these brilliant children actors! I am buying it today to have in my collection of Christmas classics!

Great robe, washes well. The only minus is that I should have ordered up a size but prior reviews had said it ran "big" and I didn't want the robe to be sloppy large. Reviewed British Biologicals Colred - Delicious and Natural Cholesterol Reduction Shake, 600g tin ...

**ColRed supplement**

September 06, 2011

I received this supplement through my doctor because my cholesterol numbers of 6 months ago were not good (At that time my LDL was somewhere around 120). Being a proponent of natural remedies whenever possible, he gave me ColRed and told me to try it and we'd see what happens. I had my cholesterol checked again this morning and I couldn't ask for better results! My LDL is now 100 after 6 months of using ColRed. I am thrilled as is my doctor. If there is any drawback to this product, it's that without a shaker cup, it is hard to get it smooth in skim milk or water. It's worth a try for anyone who is crossing into the danger zone with their LDL numbers before you start on the more expensive cholesterol lowering drugs. My sister lives 4 hours away and is hoping to obtain the ColRed herself so hopefully, this company selling ColRed will build up a bigger profile.
