**I truly enjoy Frank Clarke.**

February 12, 2014

I watch him on TV whenever I can, and enjoy his down to earth personality and approach to painting. There's nothing intimidating about his technique. "Simply Painting" is the perfect description of his work, his style, and his approach. He's a great teacher! Anyone who has even the slightest inclination to paint should check him out!

**This book is a page turner, for sure!**

February 12, 2014

Had to order this book after seeing Graham Nash interviewed by Tavis Smiley on TV. Nash has done a great job of telling his story, and while reading, I almost felt as if I was there with him living his exciting life. I also appreciate the fact that despite the poverty of his younger years, he has paid great homage to both of his parents for the gifts they left him with. I'm so glad I read his book, and am sharing it with friends and family.

**Full of wonderful recipes**

February 12, 2014

I always appreciate pictures with recipes, and this book provides so many delicious recipes with pictures of what the dish looks like. I enjoy paging through the book and making lists of the many recipes that I will try. Those that I've made so far are all "winners" and I will make them again and again.

February 12, 2014

So glad that I purchased this book, it's full of great information and enticing pictures....makes me want to create a yard full of mini gardens, and more on my patio. I know it will be fun collecting miniature pieces of furniture and little decorations for the gardens. This book will be a great help, and I love the way it offers suggestions on appropriate mini plants.

Reviewed We Are Love [Deluxe] ... by Il Volo

**Three very talented young men!**

February 12, 2014

I have seen Il Volo on PBS specials and have been collecting their CDs and DVDs when possible. I recommended their music to my favorite Italian restaurant (they'd never heard of Il Volo, but at my suggestion bought some of their music) and now I hear their CDs being played when I visit that restaurant for dinner. I can tell that other diners are enjoying the musical treat as much as I am. I've even shared their music with friends who I know appreciate such talent. I'm sure that these young men will enjoy long and fruitful careers....and I will always be a fan!

February 12, 2014

Finding this a bit difficult to read as I'm not familiar with Nelson Mandela's native tongue, and some of the words seem impossible for me to pronounce.....but once I got over that, the book became much more enjoyable to read. I find the store of his life to be fascinating.....this was a man of incredible knowledge, patience, and love. Definitely worth reading!

Reviewed SmartCat Multi-Level Cat Climber ...

1 of 1 people found this review helpful

**This didn't work for my cats at all.**

February 12, 2014

Of my 5 cats, only 1 of them ever shows any interest in it at all, and then only after I've sprinkled catnip on the first or second shelf. I'm very surprised that the cats don't care for it, but perhaps that's because it's rather unstable and they are uncomfortable with how the climber rattles and moves if they jump onto it. I would not recommend this item. My cats are all mature, and maybe this would work better with adventurous kittens.
