This story is told in the voice of a young girl who lives in the south during the 60s...she has to live with grandma who is tough on her so the she will not be a wild redhead...however Starla can't help reacting to the events around her. I enjoyed the book.

Really nice.

October 04, 2014

Great fabric that withstands the rain and wind very well. The Velcro secures the clothespin secure and the depth of the bag is more than adequate for all the wooden clothes pins I wanted available. The only change I made was to clip the 2 latches to a hanger so that I could move it to a convenient location periodically as I filled on section of my dryer (mine has 4 sides and turns so latching it to a single spot was impractical.

Reviewed Fairy Gardening: Creating Your Own Magical Miniature Garden ...

**Covers all the Essentials for Creating a Fairy Garden**

May 22, 2014

This book was engaging and much more than a typical "how to" book. I found the discussion of creating action and a focal point to be the key aspects of successful fairy gardens. Yes, it discusses miniature plants and resources too, but a dish garden doesn't ave the charm that a magical miniature fairy garden will have if you take to heart Julie's suggestions for action and focal points.
